Donald J. Trump
Chairman and President
The Trump Organization
725 Fifth Avenue
New York, NY 10022

Dear Presidential Candidate Donald Trump:

As you may be aware, American government is being transformed from a local elected form of government to a regionalized, international form of government. This effort is being implemented through the federal system of Councils of Governments (COGs). The COG system has been in existence for over 50 years. The power taken by COGs has been consistently increased over time.

Today, the San Francisco Bay Area is implementing the ultimate transformation of American government. When that transformation is completed, the Bay Area will contribute as a participant in a new world system.

The COG in the San Francisco Bay Area, the Association of Bay Area Governments (ABAG), has implemented a multi-decade \$300 billion project to transform 101 cities and 9 counties into a City-State capable of holding its own seat at the United Nations. The project is called "One Bay Area" or "Plan Bay Area." This Plan is designed to congregate people into a high density, urbanized, multi-family living environment centered around public transportation. The public is largely unaware of the *One Bay Area* plan given that, not surprisingly, the consolidated Bay Area press does not want to cover this story. Most of the newspapers are owned by a Chicago based entity. As people find out about the plan, they are strongly opposed to it.

Several parties here in Northern California have brought a lawsuit that seeks to stop ABAG's *One Bay Area* plan. Not unexpectedly, the court system was able to ignore the claims of our lawsuit at trial court. We are now proceeding with the California State Court of Appeal and are looking for the necessary financing to complete that process. The litigation will likely include appeal to the State Supreme Court and perhaps the U.S. Supreme Court, by the losing party. Information regarding the litigation, including the legal briefs, can be viewed on the website www.GlobalizationOfCalifornia.com.

I am writing to request your financial contribution to this legal effort, as we fight to maintain a Constitutional form of government and way of life familiar to us all. What happens in the Bay Area will spread throughout the Nation via COGs. The implementation of the *One Bay Area* "Regional" plan for the remake of the San Francisco Bay Area must be stopped if we have any chance to "Make AMERICA Great Again!"

Thank you for your time and your thoughtful consideration of this request.

Sincerely,

Michael Shaw
President
